3 <sup>rd</sup> Child Enrolled	15% Tuition Discount

In cases of a family having more than one child enrolled, the first child enrolled will be considered the child in the highest grade, second child in the second highest grade, etc.

## **ENROLLMENT and ADMISSION**

Enrollment priority, when limited by space, is given in the following order:

1. Calvary member families – Member children will be offered enrollment for a given school year at any time, but preferably by the second week of January prior to the year of enrollment.
2. Current students and family – Re-enrollment of current students and enrollment of their siblings will be received through the month of January prior to the year of enrollment.
3. Others – New applications will be received at any time; however, they will not usually be acted on until after the January deadline for members and re-enrolling families.

To be guaranteed placement in the fall semester, current students must re-enroll during the month of January of the previous school year. Siblings of current students will also be offered enrollment during January. Open enrollment begins the second week of February.

The following State guidelines apply to enrollment:

1. A child must be two to begin Pre-School 2.
2. A child must be three by September 1 of the school year in which he/she begins Pre-School 3.
3. A child must be four by September 1 of the school year in which he/she begins Pre-Kindergarten.

### **Application Process**

An application for admission follows the steps listed below:

1. The parent or guardian must complete the application forms in full and return them to the school office with the registration fee. No application will be considered without the registration fee.
2. The parent or guardian must provide a copy of current school records (if applicable) so that an evaluation may be made of the student.
3. Based on the records, tentative acceptance is made or denied.
4. Acceptance of new students is provisional for the first six weeks of school.
5. All required paperwork and a FACTS account must be completed and submitted before the child can begin school.

A medical report and updated immunization record are required of all children enrolling or re-enrolling. All necessary forms are available in the office. Admission can be denied by state, local or school officials for having incomplete medical records on file in the school office. State requirements change often regarding records and forms. Please complete new forms as soon as possible and return to the school office.
